Dear Jimmy:

Enclosed please find an original and one copy of the patent application, which we have filed with the U.S. Patent and Trademark Office, including the drawings, with attached formal papers. You, as an inventor, should carefully review the application and contact us if you have any questions or if any change is needed. If all is in order, then the original application should be signed. Enclosed for your signature is a Combined Declaration and Power of Attorney you should sign (at the red flag) and date. The signature must be exactly as typed. It is not necessary to use a Notary for this document. Also, please note that you must fill in your citizenship.

Also enclosed are an original and two copies of an Assignment. This should be signed by you (green flags) and must also be notarized (blue flags). The original and one copy should be returned to us. The other copy is for your files.

A memorandum attached to this letter explains the purpose of the Information Disclosure Statement; it is essential that you read this memorandum and call to our attention anything that you think might be a candidate for inclusion in the Statement. An incomplete Statement can under some circumstances result in unenforceability of the patent you hope to obtain.
